

Hydroxi Pro Concentrated Cleaner **Oxidizing Multi-Purpose cleaner, degreaser and** **deodorizer for hard, non-porous surfaces**

10 Advantages

1. Reduced Toxicity without sacrificing effectiveness! "Increased Safety and Peace of Mind!"
2. One Product for all your cleaning needs!
3. Attacks Grease with low residue to minimize slippage on any floor.
4. Streak-free, effective glass cleaning without Ammonia or Alcohol!
5. Cleans and Restores Tile & Grout without the harshness of acid!
6. A complete Carpet Care! Program
7. Eliminates Odors while you clean
8. Extremely low VOC's for improved indoor air quality.
9. Natural orange fragrance without the use of perfumes or dyes.
10. Cost effective with minimal training required.

Unbelievable! Cleaning Power of Hydrogen Peroxide

Reduced Toxicity without sacrificing effectiveness!

"Increased Safety and Peace of Mind!"

- a. Hydroxi Pro™ is lower in toxicity than conventional cleaning systems because of what it does NOT have.
- No Acid-all solutions are neutral PH
 - No Alcohol
 - No Amines
 - No Ammonia
 - No Caustic
 - No Chlorine Bleach
 - No Dyes
 - No Glycol Ethers
 - No High pH detergents
 - No Phosphates

b. Hydroxi Pro ingredients are:

- Biodegradable, low toxicity surfactants
- Orange Oil-low concentration
- Hydrogen Peroxide-low concentration

2. One Product for all your cleaning needs!

a. Hydroxi Pro™ is one cleaning concentrate used in four different water dilutions. These water dilutions satisfy all general janitorial cleaning needs...ceiling to floor. Windows, mirrors, walls, floors, bathrooms, shower rooms, Tile & Grout, Carpet, & Kitchen.

- One product to purchase
- One product to inventory & distribute
- One MSDS sheet
- One OSHA training

3. Attacks Grease with low residue to minimize slippage on any floor.

- Hydroxi Pro™ is highly effective on Food service area floors because it cuts grease at neutral pH, without slippery, high pH detergents and with very low levels of surfactants and orange oil. The result is a grease-free, residue-free floor with better traction.

4. Streak-free, effective glass cleaning without Ammonia or Alcohol!

- Hydroxi Pro™ is an excellent glass cleaner that will not streak.
- No Alcohol to flash off of hot glass before you get a chance to clean!
- No Harsh Odors.
- Will not etch or attach aluminum.

5. Cleans and restores Tile & Grout without the harshness of Acid!

- The problem with most Tile & Grout cleaners today is that they contain harsh acids that can be damaging to both user and surface being cleaned. Hydroxi Pro™ cleans and restores tile and grout effectively without nasty fumes and the dangers to skin or eyes. Use in the kitchen, bathroom, shower room, general floor or any unwaxed tile surface.

6. A complete Carpet Care Program!

- a. Hydroxi Pro cleans carpet with three actions-no other system has all three.
 - Surfactant cleaning
 - Solvent cleaning
 - Hydrogen peroxide stain removal, de-browning and odor destruction
- b. Hydroxi Pro™ leaves no residue to attract more dirt
- c. Hydroxi Pro™ erases tough stains like Coke, Coffee, Wine and Tea.
- d. Hydroxi Pro™ is color safe. It brightens colors and whitens whites!

7. Eliminates Odors while you clean!

- Penetrates surfaces, oxidizes odor causing soils and helps reduce bacteria that cause odors. Urine, garbage and other organic odors can be greatly reduced or eliminated with Hydroxi Pro™

8. Extremely low VOC for improved indoor air quality!

- Hydroxi Pro uses Orange Oil in low amounts to cut through grease and soil buildup. No Glycol Ethers, alcohol, perfumes or other high VOC additives are used that contribute to poor indoor air quality.

9. Natural orange fragrance without the use of perfumes or dyes.

- Pure Florida, natural orange oil is used for a natural solvent that breaks down petroleum based residue on all surfaces. Brazilian terpenes used by our competitors vary in quality and fragrance. Hydroxi Pro® contains no artificial dyes or perfumes.

10. Cost effective with minimal training required.
