- |          |            |
|----------|------------|
| BRASS    | FIBERGLASS |
| NICKEL   | GOLD       |
| PLATINUM | PEWTER     |
| SILVER   | COPPER     |
| CHROME   | ALUMINUM   |
| BRONZE   | PLEXIGLAS  |
| TITANIUM |            |

Metal Polishing SCRUBS® cloths make maintenance of multiple metal surfaces easier than ever! The patented formula works fast and efficiently to wipe away tarnish and oxidation and bring out the shine. Because Metal Polishing SCRUBS® are premoistened, you get the benefits of traditional polishing products in a single, easy-to-use cloth. This product works without the mess, waste, and offensive odor associated with other polishes. The patented, non-scratching abrasive cloth will absorb and hold oxidation and soils while the low-ammonia polishing formula cleans and provides a protective barrier that reduces future oxidation. Metal Polishing SCRUBS® cloths contains no harsh abrasives and are safe to use on most metals.
